# LAUNCH

In the pursuit of the ideal workspace, a variety of products have been created to increase comfort, productivity and convenience. We have shifted our attention to an important element in this equation. Our health. By nature, we are not sedentary beings, so limiting our mobility goes against that very nature, often resulting in poor health. The simple act of standing 15 minutes every hour has proven benefits, by boosting energy and in turn increasing our productivity.

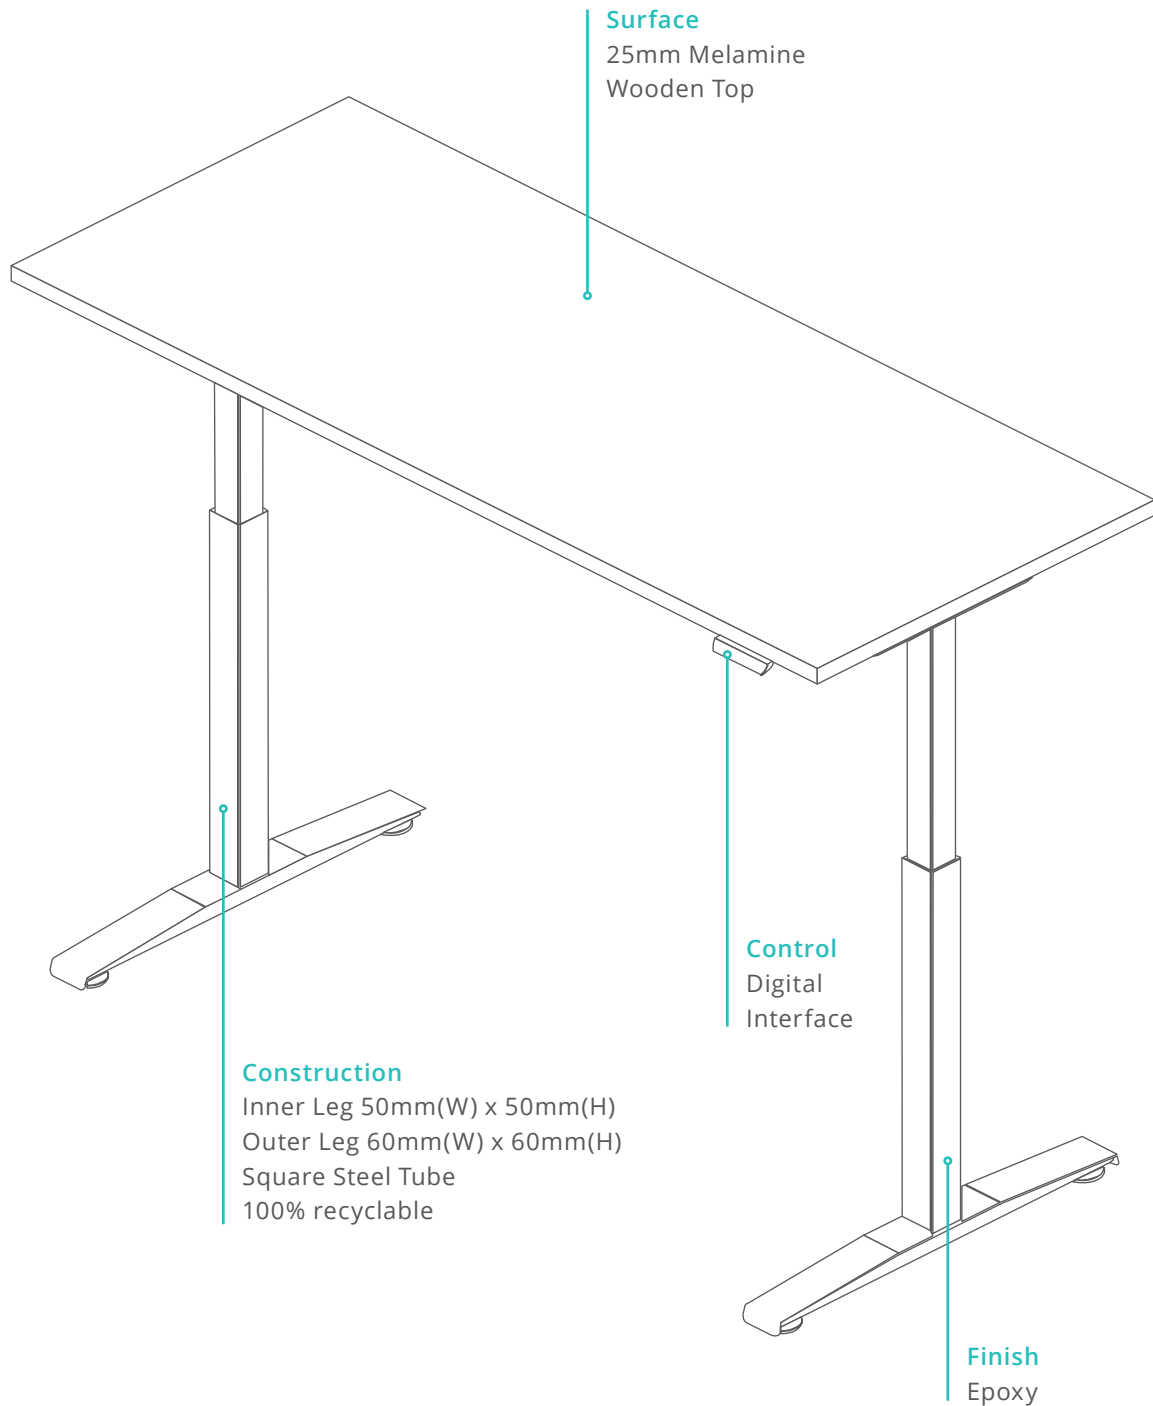

**Launch** yourself into the era of revitalizing workspaces.

LAUNCH

**Launch** will positively transform your approach to work. With a push of a button you are able to shift from sitting to standing and vice versa, giving you full control of your health. **Launch** will liberate you from your seat.

## Visual Lightness

Grom cuts svelte profile, giving the appearance of a roomier classroom. Its lines are sleek and purposeful, yet designed to withstand daily classroom battering.

## Stackability

Stackability is a huge advantage in maximizing limited classroom space. Stacking desks gives you the versatility to reconfigure your classroom space, adding, removing and storing as needed.

## Portability

Grom's lightweight allows the user to easily change their classroom configuration rapidly. We also make it easier to store away stacked desks with our optional desk trolley.

### Cubbyhole

An optional storage area for personal belongings. Made of 100% recyclable injection moulded polypropylene.

### Tabletop

The tabletop is mounted on a frame work of durable bent steel. There are 3 horizontal cross bars to ensure proper support and stability of the table top. It is made of 8mm injection moulded ABS and is 100% recyclable. Our highly durable material provides solid structural integrity, impact and abrasion resistance, and minimum maintenance. A slot is available for tablet or mobile devices. A cup holder is also provided.

### Glides

4 glides in black 100% recyclable polypropylene are mounted on the frame. Moulded felt on glides for extra floor protection.

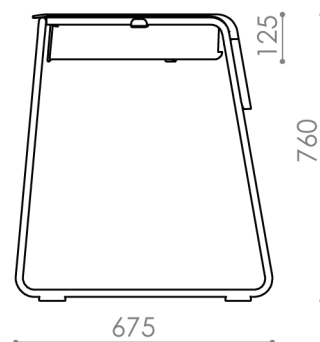

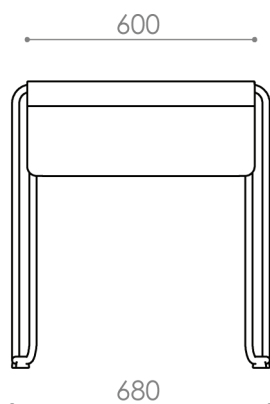

### Base

The table frame is a sled design. The steel tube is available in Ø 19mm. Base nish comes in silver and black epoxy, 100% recyclable.

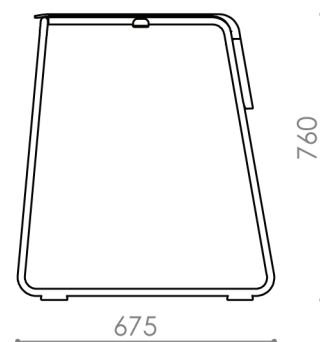

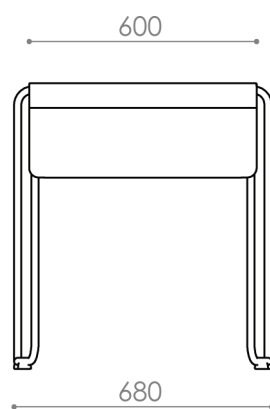

### Sliding Adjustable Bracket

An optional sliding bracket to accommodate various hangable items.
